

HO HO HO DEAR HOSTS,

as some of you may have already noticed, I - Daniela - am no longer a one-woman-show when it comes to customer service. I've teamed up with my colleague Chiara! So from now on, we have more time to regularly provide you with tips & tricks on how to make the most of our collaboration, as well as inform you about new Little Travel Society features. And let me tell you, we're off to a great start!

Joy to the world, new filters have come!

As we've been asked time and again by our readers, we've introduced new filter functions on our website: Readers can now filter our [search](#) and [map](#) to see whether **teens, vegans, guests with gluten intolerance, and/or wheelchair users** are particularly well catered for.

If you want to be found by guests using those filters, just fill out this [5-minute-form](#).

If you have any questions, please feel free to reach out. We wish you happy holidays!

Sincerely yours,
Daniela & Chiara

ENTER YOUR INFORMATION NOW!

SO OUR READERS CAN FIND YOU EVEN BETTER

From now on we'll add information to our recommendations about special offers for teens, vegetarians/vegans, guests with gluten intolerance, and wheelchair users (including accessible accommodations and activities).

If you have any special offers for those guests, please fill out this short 5-minute-form right now! We'll add the information to your recommendation as soon as possible.

P.S.: Don't worry if you don't offer a cool program for teens, can't accommodate special diets or if your place isn't accessible: The respective info box will just not appear in your recommendation at all.
